<b>COVER SHEET AND ABSTRACT .....</b>	<b>i</b>
<b>THE COOK INLET MULTIPLE SALE EIS - WHAT IT INCLUDES AND HOW IT IS STRUCTURED .....</b>	<b>iii</b>
<b>ABBREVIATIONS, ACRONYMS, AND SYMBOLS.....</b>	<b>viii</b>
<b>EXECUTIVE SUMMARY: COOK INLET MULTIPLE SALE ENVIRONMENTAL IMPACT STATEMENT FOR LEASE SALES 191 AND 199 .....</b>	<b>ES-1</b>
<b>INTRODUCTION AND BACKGROUND.....</b>	<b>ES-1</b>
<b>SCOPING.....</b>	<b>ES-1</b>
<b>HYPOTHETICAL DEVELOPMENT SCENARIO FOR EACH SALE .....</b>	<b>ES-2</b>
<b>ENVIRONMENTAL EFFECTS OF THE PROPOSED ACTION (ALTERNATIVE I) FOR LEASE SALES 191 AND 199.....</b>	<b>ES-3</b>
Effects from Routine Permitted Activities.....	ES-3
Effects in the Unlikely Event of a Large Oil Spill or Natural Gas Release.....	ES-4
Cumulative Effects.....	ES-5
<b>EFFECTS OF ALTERNATIVES II THROUGH IV .....</b>	<b>ES-6</b>
<b>MITIGATING MEASURES .....</b>	<b>ES-7</b>
<b>I. PURPOSE AND BACKGROUND OF THE PROPOSED ACTIONS .....</b>	<b>I-1</b>
<b>I.A. PURPOSE, NEED, AND DESCRIPTION .....</b>	<b>I-1</b>
<b>I.B. LIST OF LEGAL MANDATES .....</b>	<b>I-3</b>
<b>I.C. RESULTS OF THE SCOPING PROCESS.....</b>	<b>I-4</b>
I.C.1. Major Issues Considered in This EIS .....	I-4
I.C.1.a. Issued Detailed in This EIS .....	I-4
I.C.1.b. Issues Raised During Scoping That Were Considered But Did Not Warrant Further Detailed Analysis in This EIS .....	I-6
I.C.2. Alternatives Suggested During the Scoping Process .....	I-8
I.C.2.a. Alternative I – Proposed Action .....	I-8
I.C.2.b. Alternative II – No Sale.....	I-8
I.C.2.c. Alternative III – Lower Kenai Peninsula Deferral .....	I-8
I.C.2.d. Alternative IV – Barren Islands Deferral .....	I-9

I.C.3.	Mitigating Measures .....	I-9
I.C.3.a.	Mitigating Measures Suggested During the Scoping Process .....	I-9
I.C.3.b.	Mitigating Measures Not Considered in This EIS .....	I-10
<b>I.D.</b>	<b>INDIAN TRUST RESOURCES.....</b>	<b>I-10</b>
<b>I.E.</b>	<b>EXECUTIVE ORDER 12898 ENVIRONMENTAL JUSTICE .....</b>	<b>I-10</b>
<b>I.F.</b>	<b>THE NATIONAL ENVIRONMENTAL POLICY ACT PROCESS FOR LEASE SALES 191 AND 199I-16.....</b>	<b>I-10</b>
I.F.1.	Lease Sale 191 Process .....	I-12
I.F.2.	Processes for Subsequent Lease Sale 199 .....	I-13
<b>I.G.</b>	<b>STREAMLINING STATEMENT .....</b>	<b>I-13</b>
<b>II.</b>	<b>ALTERNATIVES, INCLUDING THE PROPOSED ACTION .....</b>	<b>II-1</b>
<b>II.A.</b>	<b>APPROACH TO ANALYSIS AND OIL AND GAS RESOURCE POTENTIAL .....</b>	<b>II-1</b>
II.A.1.	Approach to Analysis.....	II-1
II.A.2.	Oil and Gas Resource Potential .....	II-1
<b>II.B.</b>	<b>ALTERNATIVE I – PROPOSED ACTION FOR LEASE SALES 191 AND 199.....</b>	<b>II-3</b>
II.B.1.	Two-Sale Structure.....	II-3
II.B.2.	Timing of Activities .....	II-3
II.B.3.	Activities Associated with Exploration and Production .....	II-4
II.B.3.a.	Activities Associated with Exploration Drilling.....	II-4
II.B.3.b.	Activities Associated with Development and Production .....	II-5
II.B.4.	Summary of Effects by Sale .....	II-6
<b>II.C.</b>	<b>ALTERNATIVE II – NO LEASE SALE .....</b>	<b>II-8</b>
<b>II.D.</b>	<b>ALTERNATIVE III – LOWER KENAI PENINSULA DEFERRAL .....</b>	<b>II-8</b>
<b>II.E.</b>	<b>ALTERNATIVE IV – BARREN ISLANDS DEFERRAL .....</b>	<b>II-9</b>
<b>II.F.</b>	<b>MITIGATING MEASURES .....</b>	<b>II-10</b>
II.F.1.	Standard Stipulations .....	II-10
II.F.1.a.	Stipulation No. 1 – Protection of Fisheries.....	II-10
II.F.1.b.	Stipulation No. 2 – Protection of Biological Resources.....	II-12
II.F.1.c.	Stipulation No. 3 – Orientation Programs .....	II-12
II.F.1.d.	Stipulation No. 4 – Transportation of Hydrocarbons .....	II-13
II.F.2.	Standard Information to Lessees.....	II-14
II.F.2.a.	ITL No. 1. Bird and Marine Mammal Protection.....	II-14
II.F.2.b.	ITL No. 2. Information on Endangered and Threatened Species .....	II-15
II.F.2.c.	ITL No. 3. Sensitive Areas to be Considered in the Oil-Spill-Response Plans .....	II-16
II.F.2.d.	ITL No. 4. Information on Coastal Zone Management.....	II-17
II.F.2.e.	ITL No. 5. Information on Oil-Spill-Response Preparedness .....	II-17
II.F.2.f.	ITL No. 6. Drilling Fluids and Cuttings Discharge during Post-Lease Activities .....	II-17
<b>III.</b>	<b>DESCRIPTION OF THE AFFECTED ENVIRONMENT .....</b>	<b>III-1</b>

<b>III.A. PHYSICAL CHARACTERISTICS .....</b>	<b>III-1</b>
III.A.1. Quaternary Geology .....	III-1
III.A.1.a. Regional Geology .....	III-1
III.A.1.b. Offshore Geology .....	III-3
III.A.2. Climate and Meteorology.....	III-7
III.A.2.a. Air Temperature.....	III-7
III.A.2.b. Precipitation.....	III-7
III.A.2.c. Winds .....	III-8
III.A.3. Oceanography.....	III-9
III.A.3.a. Lower Cook Inlet.....	III-10
III.A.3.b. Shelikof Strait .....	III-11
III.A.4. Water Quality.....	III-12
III.A.4.a. Sources .....	III-12
III.A.4.b. Constituents of the Marine Environment.....	III-22
III.A.4.c. Summary .....	III-32
III.A.5. Air Quality.....	III-32
<b>III.B. BIOLOGICAL RESOURCES.....</b>	<b>III-33</b>
III.B.1. Lower Trophic-Level Organisms.....	III-33
III.B.1.a. Planktonic Habitats .....	III-33
III.B.1.b. Benthic and Intertidal Habitats.....	III-35
III.B.2. Fisheries Resources.....	III-36
III.B.2.a. Pelagic Fishes .....	III-37
III.B.2.b. Groundfish .....	III-44
III.B.3. Essential Fish Habitat.....	III-46
III.B.3.a. Magnuson Fishery Conservation and Management Act .....	III-46
III.B.3.b. Essential Fish Habitat.....	III-46
III.B.4. Endangered and Threatened Species.....	III-48
III.B.4.a. Introduction.....	III-48
III.B.4.b. Marine Mammals .....	III-50
III.B.4.c. Birds .....	III-116
III.B.5. Marine and Coastal Birds .....	III-136
III.B.5.a. Seasonal Distribution.....	III-137
III.B.5.b. Food Sources-Trophic Relationships.....	III-139
III.B.5.c. Migration.....	III-139
III.B.5.d. Coastal Birds of Prey.....	III-139
III.B.6. Nonendangered Marine Mammals .....	III-140
III.B.6.a. Pinnipeds.....	III-140
III.B.6.b. Southcentral Alaska Sea Otters.....	III-142
III.B.6.c. Nonendangered Cetaceans.....	III-143
III.B.7. Terrestrial Mammals.....	III-145

III.B.7.a.	River Otters .....	III-146
III.B.7.b.	Brown Bears .....	III-146
III.B.7.c.	Sitka Black-Tailed Deer .....	III-146
<b>III.C.</b>	<b>SOCIAL SYSTEMS .....</b>	<b>III-147</b>
III.C.1.	Economy .....	III-147
III.C.1.a.	Revenues .....	III-147
III.C.1.b.	Employment and Personal Income .....	III-148
III.C.1.c.	Components of the Kenai Peninsula Borough's Economy .....	III-149
III.C.2.	Commercial Fisheries .....	III-149
III.C.2.a.	The Shellfish Fishery .....	III-150
III.C.2.b.	The Herring Fishery .....	III-151
III.C.2.c.	The Salmon Fishery .....	III-153
III.C.2.d.	The Groundfish Fishery .....	III-154
III.C.2.e.	Fishermen's Contingency Fund .....	III-155
III.C.2.f.	Individual Fishing Quota System .....	III-155
III.C.3.	Subsistence-Harvest Patterns .....	III-157
III.C.3.a.	Characteristics of Harvest Patterns .....	III-157
III.C.3.b.	Definition of Subsistence .....	III-158
III.C.3.c.	The Cultural Importance of Subsistence .....	III-158
III.C.3.d.	Regional Traditional Knowledge on Subsistence .....	III-159
III.C.3.e.	Community Subsistence-Harvest Patterns .....	III-177
III.C.3.f.	Annual Cycle of Harvest Activities .....	III-180
III.C.4.	Sociocultural Systems .....	III-181
III.C.4.a.	Characteristics of the Population .....	III-181
III.C.4.b.	Social Characteristics of the Communities .....	III-183
III.C.4.c.	Institutional Organization of the Communities .....	III-186
III.C.5.	Recreation, Tourism, and Visual Resources .....	III-187
III.C.6.	Sport Fisheries .....	III-188
III.C.7.	Environmental Justice .....	III-189
III.C.8.	Archaeological and Cultural Resources .....	III-190
III.C.8.a.	Onshore Archaeological Resources .....	III-191
III.C.8.b.	Offshore Archaeological Resources .....	III-194
III.C.9.	National and State Parks and Other Special Areas .....	III-198
III.C.9.a.	National Resources .....	III-198
III.C.9.b.	State Resources .....	III-203
III.C.9.c.	Kenai Peninsula Borough Area That Merits Special Attention: The Port Graham/Nanwalek Area .....	III-205
III.C.10.	Coastal Zone Management .....	III-205
<b>III.D.</b>	<b>OIL AND GAS INFRASTRUCTURE .....</b>	<b>III-206</b>
III.D.1.	Pipelines and Production and Processing Facilities .....	III-206

III.D.2.	Air Support Infrastructure .....	III-207
III.D.3.	Surface Transportation .....	III-207
III.D.4.	Marine Transportation .....	III-208
<b>IV.</b>	<b>ENVIRONMENTAL CONSEQUENCES .....</b>	<b>IV-1</b>
<b>IV.A.</b>	<b>BASIC ASSUMPTIONS FOR EFFECTS ANALYSIS .....</b>	<b>IV-1</b>
IV.A.1.	Significance Thresholds .....	IV-1
IV.A.2.	Basic Assumptions for Effects Assessment by Alternative .....	IV-3
IV.A.3.	Disturbances .....	IV-5
IV.A.3.a.	Industrial Activities .....	IV-5
IV.A.3.b.	Noise .....	IV-6
IV.A.3.c.	Habitat Alteration .....	IV-6
IV.A.3.d.	Discharges to the Marine Environment.....	IV-6
IV.A.3.e.	Discharges to the Air .....	IV-6
IV.A.4.	Oil Spills .....	IV-6
IV.A.4.a.	Large Oil Spills .....	IV-7
IV.A.4.b.	Small Spills .....	IV-8
IV.A.4.c.	Locations of Oil-Spill Analyses .....	IV-8
IV.A.5.	Spill Prevention and Response .....	IV-9
IV.A.5.a.	Oil Spill Response Plans .....	IV-9
IV.A.5.b.	Agency Involvement and Reporting.....	IV-9
IV.A.5.c.	Spill Cleanup .....	IV-10
IV.A.6.	Accidental Gas Releases from OCS Production Facilities .....	IV-10
IV.A.6.a.	Accidental Gas Release During Exploration .....	IV-11
IV.A.6.b.	Accidental Gas Release During Development and Production.....	IV-11
IV.A.6.c.	Large Gas Release.....	IV-11
IV.A.6.d.	Location of Accidental Gas Release Analysis .....	IV-11
<b>IV.B.</b>	<b>ANALYSIS OF EFFECTS OF COOK INLET OIL AND GAS DEVELOPMENT .....</b>	<b>IV-12</b>
IV.B.1.	Alternative I – Proposed Action .....	IV-12
IV.B.1.a.	Effects of Lease Sale 191 on Water Quality .....	IV-12
IV.B.1.b.	Effects of Lease Sale 191 on Air Quality .....	IV-28
IV.B.1.c.	Effects of Lease Sale 191 on Lower Trophic-Level Organisms .....	IV-36
IV.B.1.d.	Effects of Lease Sale 191 on Fisheries Resources .....	IV-41
IV.B.1.e.	Effects of Lease Sale 191 on Essential Fish Habitat .....	IV-46
IV.B.1.f.	Effects of Lease Sale 191 on Endangered and Threatened Species .....	IV-61
IV.B.1.g.	Effects of Lease Sale 191 on Marine and Coastal Birds.....	IV-98
IV.B.1.h.	Effects of Lease Sale 191 on Nonendangered Marine Mammals.....	IV-104
IV.B.1.i.	Effects of Lease Sale 191 on Terrestrial Mammals .....	IV-116
IV.B.1.j.	Effects of Lease Sale 191 on the Economy .....	IV-122

IV.B.1.k.	Effects of Lease Sale 191 on Commercial Fisheries .....	IV-125
IV.B.1.l.	Effects of Lease Sale 191 on Subsistence-Harvest Patterns .....	IV-131
IV.B.1.m.	Effects of Lease Sale 191 on Sociocultural Systems.....	IV-138
IV. B.1.n.	Effects of Lease Sale 191 on Recreation, Tourism, and Visual Resources.....	IV-141
IV.B.1.o.	Effects of Lease Sale 191 on Sportfishing.....	IV-146
IV.B.1.p.	Effects of Lease Sale 191 on Environmental Justice.....	IV-149
IV.B.1.q.	Effects of Lease Sale 191 on Archaeological Resources .....	IV-172
IV.B.1.r.	Effects of Lease Sale 191 on National and State Parks and Other Special Areas .....	IV-174
IV.B.1.s.	Effects of Lease Sale 191 on Coastal Zone Management.....	IV-176
IV.B.2.	Alternative II – No Action .....	IV-186
IV.B.2.a.	The Most Important Substitutes for Lost Production.....	IV-186
IV.B.2.b.	Environmental Impacts from the Most Important Substitutes .....	IV-187
IV.B.2.c.	Regional Effects of the No Action Alternative .....	IV-188
IV.B.3.	Alternative III—Lower Kenai Peninsula Deferral.....	IV-189
IV.B.3.a.	Resources for Which There Will Be a Difference in Effects Between Alternative III and Alternative I.....	IV-190
IV.B.3.b.	Resources for Which There Will Be No Essential Difference in Effects Between Alternative III and Alternative I .....	IV-192
IV.B.3.c.	Difference in Effects of Alternative III on Sale 199 Activities Compared to Sale 191 Activities, If Any .....	IV-197
IV.B.4.	Alternative IV—Barren Islands Deferral.....	IV-197
IV.B.4.a.	Resources for Which There Will Be a Difference in Effects Between Alternative IV and Alternative I .....	IV-198
IV.B.4.b.	Resources for Which There Will Be No Difference in Effects Between Alternative IV and Alternative I .....	IV-200
IV.B.4.c.	Difference in Effects of Alternative IV on Sale 199 Activities Compared to Sale 191 Activities, If Any .....	IV-205
<b>IV.C.</b>	<b>UNAVOIDABLE ADVERSE EFFECTS.....</b>	<b>IV-205</b>
IV.C.1.	Air Quality.....	IV-205
IV.C.2.	Fisheries Resources.....	IV-205
IV.C.3.	Essential Fish Habitat.....	IV-205
IV.C.4.	Endangered and Threatened Species.....	IV-206
IV.C.5.	Terrestrial Mammals.....	IV-206
IV.C.6.	Marine and Coastal Birds .....	IV-206
IV.C.7.	Subsistence-Harvest Activities .....	IV-207

# TABLES, FIGURES, MAPS

## LIST OF TABLES

### Section I Tables

Table Number	Title
I.A-1	Blocks Offered and Deferred, Opportunity Index, and Lost Opportunity for Lease Sales 191 and 199 Alternatives

### Section II Tables

II.B-1	Exploration and Production Activities for Cook Inlet Lease Sales 191 and 199
II.B-2	Impact Summary for Lease Sales 191 and 199

### Section III Tables

III.A-1	Summary of Data for Streams and Rivers Flowing into Cook Inlet
III.A-2	Metal Concentrations in Sedimentary, Volcanic, and Plutonic Rocks Surrounding Cook Inlet in Suspended Sediment from the Susitna-Knik-Matanuska River System and in Average Continental Crust
III.A-3	Estimates of Natural and Anthropogenic Inputs of Metals to Cook Inlet
III.A-4	Summary of Published Data on Trace Metals (Percent for Parts per Million Dry Weight) in Suspended Particulate Matter from Cook Inlet and Shelikof Strait
III.A-5	Municipal Wastewater Discharges into Cook Inlet
III.A-6	Anchorage Water and Wastewater Utility Port Woronzof Wastewater Treatment Facility Effluent Monitoring Data November 1992 through October 1993
III.A-7	Fishery Harvests and Wastes in Cook Inlet
III.A-8	Oil and Gas Production Facilities – Cook Inlet Region
III.A-9	Chemical Analyses of Produced Water Samples: The Cook Inlet Discharge Monitoring Study
III.A-10	Chemical Analyses of Produced Water Samples: Source Samples from Shelikof Strait Sediment Quality Study and Produced Water Sample from the Trading Bay Production Facility Outfall
III.A-11	Estimates of Oil and Grease, Biological Oxygen Demand, and Zinc in Cook Inlet Petroleum-Production Discharges
III.A-12	Drilling Muds and Cuttings – MMS Estimates
III.A-13	Estimates of Drilling Muds and Cuttings Discharged into Cook Inlet
III.A-14	Selected Effluent Characteristics: Tesoro Refinery and Union Chemical for 1 Year
III.A-15	Estimates of Selected River and Point-Source Discharges into Cook Inlet for 1 Year
III.A-16	Selected Summary of the Average and Range of Low-Molecular-Weight Aliphatic Hydrocarbon Concentrations Measured in Various Alaskan Marine Environments
III.A-17	Summary of Published Data on Petroleum, Combustion, and Biogenic Contaminant Trends in Cook Inlet Area Marine Sediments
III.A-18	Summary of Cook Inlet Bioassays – 1993
III.A-19	Summary of Published Data on Trace Metals in Marine Sediments from Cook Inlet and Shelikof Strait: Earlier Studies
III.A-20	Summary of Published Data on Trace Metals in Marine Sediments from Cook Inlet and Shelikof Strait: Shelikof Strait Sediment Quality Study
III.A-21	Summary of Metal Concentrations in Mussel Tissues
III.A-22	Ambient Air Quality Standards Relevant to the Cook Inlet Program Area
III.B-1	Commercial Fish Species and Bycatch Species Identified as Essential Fish Habitat by the North Pacific Fisheries Management Council in the Gulf of Alaska
III.B-2	Endangered, Threatened and Candidate Species in Cook Inlet
III.B-3	Estimated Abundances of Belugas by Year and Location in Cook Inlet
III.B-4	Reported Sightings of Right Whales in the Eastern North Pacific East and South of the Aleutian Islands and North of Latitude 50° N.
III.B-5	Major Steller Sea Lion Rookery Sites
III.B-6	Major Steller Sea Lion Haulout Sites in Alaska

III.B-7	Counts of Adult and Juvenile (Nonpup) Steller Sea Lions at Rookery and Haulout Sites by Region
III.B-8	Common Marine and Coastal Birds That are Resident or Migrant in the Cook Inlet/Gulf of Alaska
III.B-9	Seasonal Bird Densities in Lower Cook Inlet
III.B-10	Counts of Steller's Eiders Observed During Boat Surveys in Kachemak Bay – 1999-2001
III.B-11	Counts of Sea Otters in the Aleutian Islands
III.B-12	Counts or Estimates of Sea Otters in the Southwest Alaska Stock
III.B-13	Numbers of Sea Otters Reported Taken and/or Tagged in the Range of the Southcentral Alaska Stock (North Side of Cook Inlet West to the End of the Aleutian Islands)
III.B-14	Numbers of Sea Otters Reported Taken and/or Tagged in the Range of the Southcentral Alaska Stock (South Side of Cook Inlet around the Kenai Peninsula to Prince William Sound and South to Yakutat)
III.C-1	Wage and Salary Employment by Industry – 1990-1998, Kenai Peninsula Borough
III.C-2	Oil and Gas Industry Employment by Industry – 1990-2000, Kenai Peninsula Borough
III.C-3	Kenai-Soldotna Employment by Industry – 1990-1998
III.C-4	Homer Employment by Industry – 1990-1998
III.C-5	Tyonek Subsistence Salmon Harvest
III.C-6	Communities, Households, and Subsistence Inventories
III.C-7	Community Characteristics of Subsistence Harvests
III.C-8	Resource Percent of Total Subsistence Harvest
III.C-9	Population by Community and Place
III.C-10	Community Types by Demographic, Economic, and Sociocultural Characteristics
III.C-11	Ethnic Composition of the Population 2000 Count and Percentage of Total Count by Community
III.C-12	Selected Characteristics of the Population
III.C-13	Community Description – Cook Inlet Area, Alaska
III.C-14	Scenic Areas Identified in Kenai Peninsula Borough Coastal Plan
III.C-15	Blocks Having Potential for Prehistoric and Historic Resources
III.C-16	Cook Inlet Shipwrecks
III.C-17	Lake Clark National Park and Preserve Incidental Business Permits
III.C-18	Katmai National Park and Preserve Incidental Business Permits (Commercial Operators) as of 12/03/01
III.C-19	Kenai National Wildlife Refuge Commercial Vendors – 1997-2001
III.C-20	Kenai National Wildlife Refuge Visitor Use Summary
III.C-21	Kodiak National Wildlife Refuge Commercial Vendors – 1997-2001
III.C-22	Kodiak National Wildlife Refuge Visitor Use Summary
III.C-23	Alaska Maritime National Wildlife Refuge Commercial Vendors – 1997-2001
III.C-24	Alaska Maritime National Wildlife Refuge Visitor Use Summary
III.C-25	Alaska Peninsula and Becharof National Wildlife Refuges Commercial Vendors – 1999-2001
III.C-26	Becharof National Wildlife Refuge Visitor Use Summary
III.C-27	Alaska Peninsula National Wildlife Refuge Visitor Use Summary
III.C-28	State of Alaska Recreation and Tourism Near the Proposed Cook Inlet Sale Area
III.C-29	Nutritional Contribution of Annual Wild Food Harvests to Kenai Peninsula Borough
III.C-30	Nutritional Contribution of Annual Wild Food Harvests to Kodiak Island Borough
III.C-31	Nutritional Contribution of Annual Wild Food Harvests to Southern Alaska Peninsula Communities

#### **Section IV Tables**

IV.A-1	Large, Small, and Very Large Spill Sizes We Assume for Analysis in This EIS by Section
IV.B-1	Types of Regulated Pollutants
IV.B-2	Estimates of Exploration Well Drilling Discharges, Additives, and Usage Rates in Alaska OCS Waters
IV.B-3	Produced Water Monitoring Requirements
IV.B-4	Estimates of Natural and Permitted Anthropogenic Inputs of Metals to Cook Inlet in Tonnes Per Year
IV.B-5	Summary of Petroleum Production Adverse Impacts to Essential Fish Habitat
IV.B-6	Essential Species Habitat in Cook Inlet by Subanalysis Area

IV.B-7	Annual Percentage Risk to Essential Fish Habitat on Cook Inlet Beaches and in Intertidal Areas if an Oil Spill Occurs
IV.B-8	Percentage Risk in Summer to Essential Fish Habitat on Cook Inlet Beaches and in Intertidal Areas if an Oil Spill Occurs
IV.B-9	Percentage Risk in Winter to Essential Fish Habitat on Cook Inlet Beaches and in Intertidal Areas if an Oil Spill Occurs
IV.B-10	Maximum Annual Percentage Risk to Essential Fish Habitat in Cook Inlet Estuarine and Marine Areas if an Oil Spill Occurs – By Spill Location
IV.B-11	Maximum Annual Percentage Risk to Essential Fish Habitat in Cook Inlet Marine Areas if an Oil Spill Occurs in Winter – By Spill Location
IV.B-12	Maximum Annual Percentage Risk to Essential Fish Habitat in Cook Inlet Marine Areas if an Oil Spill Occurs in Summer – By Spill Location
IV.B-13	Percentage Risk after 30 Days to Essential Fish Habitat on Cook Inlet Marine Waters if an Oil Spill Occurs
IV.B-14	Percentage Risk after 10 Days to Essential Fish Habitat on Cook Inlet Marine Waters if an Oil Spill Occurs
IV.B-15	Percentage Risk after 3 Days to Essential Fish Habitat on Cook Inlet Marine Waters if an Oil Spill Occurs
IV.B-16	Alternatives Comparison for Maximum Annual Risk to Estuary and Marine Essential Fish Habitat after 30 Days if an Oil Spill Occurs – Lower Cook Inlet
IV.B-17	Alternative Comparisons for Maximum Winter Risk to Estuary and Marine Essential Fish Habitat after 30 days if an Oil Spill Occurs – Lower Cook Inlet
IV.B-18	Alternative Comparisons for Maximum Summer Risk to Estuary and Marine Essential Fish Habitat after 30 days if an Oil Spill Occurs – Lower Cook Inlet
IV.B-19	Employment and Personal Income Effects of Alternative 1
IV.B-20	Population Forecast for the Kenai Peninsula Borough
IV.B-21	Commercial Fishing Income, Cook Inlet Region, 1991 through 2001
IV.F-1	State of Alaska, Department of Environmental Conservation Response Standards (18AAC 75) for Cook Inlet Platforms
IV.F-2	Discharge Conditions for a Well Blowout to Open Water or Broken Ice
IV.F-3	General Mass Balance of Oil from a 120,000-Barrel Open Water Winter or Summer Spill
IV.F-4	Areas of Discontinuous and Thick Slicks from a 120,000-Barrel Open Water Spill
IV.F-5	Length of Coastline a 120,000-Barrel Spill Might Contact Without Oil-Spill Response
IV.F-6	General Mass of Oil from a 120,000-Barrel Broken Ice or Winter Spill
IV.F-7	Conditional Probabilities That an Oil Spill Starting at Launch Area 2 Will Contact Certain ERA's
IV.F-8	Conditional Probabilities That an Oil Spill Starting at Launch Area 2 Will Contact Certain Land Segments

## Section V Tables

V-1	Cook Inlet Basin Oil and Gas Discoveries by Operator
V-2	Cook Inlet Basin Oil and Gas Discoveries Production and Reserve Information
V-3	Past Exploration Activities in Lower Cook Inlet and Shelikof Strait
V-4	Past and Present Operational Gas Pipelines in Cook Inlet and Cook Inlet Basin
V-5	Past and Present Operational Oil and Liquid Petroleum Pipelines in Cook Inlet and Cook Inlet Basin
V-6	Trans-Alaska Pipeline System and Future Natural Gas Projects
V-7	Future Cook Inlet Lease Sales
V-8	Past Oil and Gas Production: July 1957 to December 2001 for Cook Inlet Basin, Alaska
V-9	Summary of Reserve and Resource Estimates We Use for Analytical Purposes in the Cumulative Analysis
V-10	Detailed Reserve and Resource Estimates We Use for Analytical Purposes in the Cumulative Analysis
V-11	Past Major Projects Considered in the Cumulative Effects Assessment
V-12	Present Major Projects Considered in the Cumulative Effects Assessment
V-13	Reasonably Foreseeable Future – Major Projects Considered in Cumulative Effects Assessment
V-14	Summary of Cumulative Effects by Resource Category
V-15	Cumulative Oil Spill Occurrence Estimates Greater Than or Equal to 1,000 Barrels Resulting from Oil Development over the Assumed 15-20 Year Production Life of the Cook Inlet Lease Sale 191

## LIST OF FIGURES

Figure Number	Title
<b>Section I Figures</b>	
I.A-1	Proposed Cook Inlet Sales
<b>Section III Figures</b>	
III.A-1	Maximum Temperature, Minimum Temperature, Precipitation, Snowfall, and Snow Depth for Anchorage, Alaska – April 1, 1952 - December 31, 2001
III.A-2	Maximum Temperature, Minimum Temperature, Precipitation, Snowfall, and Snow Depth for Kenai, Alaska –August 1, 1983 - December 31, 2000
III.A-3	Maximum Temperature, Minimum Temperature, Precipitation, Snowfall, and Snow Depth for Kodiak, Alaska – January 1, 1973 - December 31, 2001
III.A-4	Maximum Temperature, Minimum Temperature, Precipitation, Snowfall, and Snow Depth for Homer, Alaska – October 1, 1977 - December 31, 2001
III.A-5	Schematic of Mean Spring-Summer Surface Circulation in Lower Cook Inlet/Shelikof Strait Region
III.A-6	Mean Diurnal Range, Maximum and Minimum Diurnal, and Maximum and Minimum Tide for Representative Tidal Stations in the Cook Inlet/Shelikof Strait Region
III.A-7	Mean Ice Concentration and Stage of Development for Cook Inlet for December 1-15
III.A-8	Mean Ice Concentration and Stage of Development for Cook Inlet for December 16-31
III.A-9	Mean Ice Concentration and Stage of Development for Cook Inlet for January 1-15
III.A-10	Mean Ice Concentration and Stage of Development for Cook Inlet for January 16-31
III.A-11	Mean Ice Concentration and Stage of Development for Cook Inlet for February 1-15
III.A-12	Mean Ice Concentration and Stage of Development for Cook Inlet for February 16-28/29
III.A-13	Mean Ice Concentration and Stage of Development for Cook Inlet for March 1-15
III.A-14	Mean Ice Concentration and Stage of Development for Cook Inlet for March 16-31
III.B-1	Phytoplankton in Cook Inlet
III.B-2	Areas Used by Cook Inlet Beluga Whales in June, July, and August Based on 1993-1999 Aerial Surveys
III.B-3	Counts of Adult and Juvenile Steller Sea Lions in the Western Population (by Region) from the late 1970's to 2000
III.B-4	Sightings of Steller's Eiders Observed During Opportunistic Overflights – January 1997 and March 2001
III.B-5	Sightings of Steller's Eiders Observed During Opportunistic Overflights – March 2000 and February 2001
III.B-6	Known Nest Sites and At-Sea Distribution of Kittlitz's Murrelets in Alaska
III.B-7	Prey and Predators of Early Life History Stages of Pollock in Shelikof Strait Region
III.B-8	Steller's Eider Critical Habitat
III.C-1	Commercial Fisheries Management Regions
III.C-2	Cook Inlet Area Districts
III.C-3	Commercial Fishing Seasons in Alaska – Prince William Sound/Copper River Cook Inlet
III.C-4	Commercial Fishing Seasons in Alaska – Chignik, Alaska Peninsula
III.C-5	Commercial Fishing Season in Alaska – Kodiak
III.C-6	Lower Cook Inlet Salmon and Herring Management Area
III.C-7	Upper Cook Inlet Commercial Fisheries Subdistrict Fishing Boundaries
III.C-8	Southwestern Alaska Showing the Kodiak Management Area and Its Relationship to Surrounding Management Areas
III.C-9	Tyonek Annual Round of Harvest Activities
III.C-10	Nanwalek and Port Graham Annual Round of Harvest Activities
III.C-11	Akhiok Annual Round of Harvest Activities, 1982-1983
III.C-12	Karluk Annual Round of Harvest Activities, 1982-1983

III.C-13	Larsen Bay Annual Round of Harvest Activities, 1982-1983
III.C-14	Old Harbor Annual Round of Harvest Activities, 1982-1983
III.C-15	Ouzinkie Annual Round of Harvest Activities, 1982-1983
III.C-16	Port Lions Annual Round of Harvest Activities, 1982-1983
III.C-17	Chignik Annual Round of Harvest Activities
III.C-18	Composite Resource Harvest Area for Tyonek
III.C-19	Tyonek Fishing Sites
III.C-20	Resource Harvest Areas for Nanwalek and Port Graham
III.C-21	Akhiok, Larsen Bay, and Port Lions Resource Harvest Areas, 1983
III.C-22	Karluk, Old Harbor, and Ouzinkie Resource Harvest Areas, 1983
III.C-23	Chignik and Chignik Lagoon Resource Harvest Areas, 1962-1983
III.C-24	Chignik Lake, Ivanof Bay, and Perryville Resource Harvest Areas, 1962-1983
III.C-25	Bathymetry and Physiographic Zones
III.C-26	Area Boroughs, Cities, and U.S. Census Places
III.C-27	Number of Households for Subsistence Salmon, Tyonek Fishery, 1980-1999
III.C-28	Wild Food Harvest in Five Kenai Peninsula Borough Communities
III.C-29	Number of Households for Subsistence Salmon – Port Graham Fishery, 1981-1999
III.C-30	Wild Food Harvest in Six Kenai Peninsula Borough Communities
III.C-31	Wild Food Harvest in Seven Kodiak Island Borough Communities
IV.A-1	Weathering Calculations for a 1,500-Barrel Platform and a 4,600-Barrel Pipeline Spill for Summer and Winter Open Water and Winter Broken Ice
IV.A-2	Visual Resource Impact Area
IV.B-1	Percent Minority Population, 2000
IV.B-2	Median Household Income, Kenai Peninsula, 2000
V.B-1	Declining Trends of Large Discoveries in the Cook Inlet Basin
V.B-2	General Tanker Route and Ports of Entry
V.B-3	Potential Valdez to Far East Tanker Routes

## MAPS

Map Number	Title
Map 1	Archaeology Blocks and Bathymetry of Lower Cook Inlet
Map 2	Tide Rips Mapped from Radar Imagery
Map 3	Cook Inlet Fish Habitat Areas for Analysis of Essential Fish Habitat in Cook Inlet
Map 4	Groundfish – Essential Fish Habitat in Cook Inlet
Map 5	Herring – Essential Fish Habitat in Cook Inlet
Map 6	Forage Fish – Essential Fish Habitat in Cook Inlet
Map 7	Rockfish and Sculpin – Essential Fish Habitat in Cook Inlet
Map 8	Halibut – Essential Fish Habitat in Cook Inlet
Map 9	Flounders – Essential Fish Habitat in Cook Inlet
Map 10	Scallops and Perch – Essential Fish Habitat in Cook Inlet
Map 11	Sightings of Endangered Humpback Whales between 1980 and 1997 in Areas Near the Proposed OCS Cook Inlet Program Area
Map 12	Sightings of Blue, Fin, Sei, and Sperm Whales Between 1980 and 1997 in Areas Near the Proposed Cook Inlet Lease Sales 191 and 199 Area
Map 13	Critical Habitat Area for the Western Population of Steller Sea Lions in the Eastern Bering Sea and Gulf of Alaska
Map 14	Distribution and Abundance of Sea Otters in the Kodiak Archipelago and Coastal Regions of the South Side of the Alaska Peninsula in the Summer of 2001
Map 15	Sightings of Short-Tailed Albatross between 1990-2001 Reported to U.S. Fish and Wildlife Service
Map 16	Marine Mammal Concentrations and Haulouts in the Cook Inlet Planning Area
Map 17	Primary Coastal Brown Bear Habitats in the Cook Inlet Planning Area
Map 18	Cook Inlet Oil and Gas Pipelines
Map 19	Cook Inlet Leasing Activity, Platforms, and Marine Transportation

## APPENDICES

### APPENDIX A: OIL-SPILL-RISK ANALYSIS

<b>APPENDIX A1: THE INFORMATION, MODELS, AND ASSUMPTIONS WE USE IN THIS EIS TO ANALYZE THE EFFECTS OF OIL SPILLS .....</b>	<b>A-1</b>
<b>A ESTIMATES OF THE SOURCE, TYPE, AND SIZE OF OIL SPILLS .....</b>	<b>A-1</b>
A.1. Source and Spill-Size Assumptions.....	A-1
<b>B. BEHAVIOR AND FATE OF CRUDE OILS.....</b>	<b>A-4</b>
B.1. Assumptions about Oil Weathering .....	A-5
B.2. Modeling Simulations of Oil Weathering.....	A-5
<b>C. ESTIMATES OF WHERE AN OFFSHORE OIL SPILL MAY GO .....</b>	<b>A-6</b>
C.1. Inputs to the Oil-Spill-Trajectory Model .....	A-6
C.2. Oil-Spill-Trajectory Model Assumptions.....	A-8
C.3. Oil-Spill-Trajectory Simulation .....	A-9
C.4. Results of the Oil-Spill-Trajectory Model .....	A-10
<b>D. OIL-SPILL-RISK ANALYSIS .....</b>	<b>A-11</b>
D.1. Chance of a Large Spill Occurring.....	A-11
D.2. Chance of a Spill Contacting .....	A-11
<b>E. SMALL OIL SPILLS.....</b>	<b>A-12</b>
<b>F. BIBLIOGRAPHY .....</b>	<b>A-12</b>

### APPENDIX A2: SUPPORTING TABLES FOR THE OIL-SPILL-RISK ANALYSIS

<b>APPENDIX B: PETROLEUM GEOLOGY, RESOURCE ESTIMATES, AND EXPLORATION AND DEVELOPMENT SCENARIOS .....</b>	<b>B-1</b>
<b>A. PETROLEUM GEOLOGY OF COOK INLET .....</b>	<b>B-1</b>
A.1. Regional Setting.....	B-1
A.2. Exploration History .....	B-1
A.3. Oil and Gas Potential .....	B-2
<b>B. OIL AND GAS RESOURCE ASSESSMENT .....</b>	<b>B-3</b>
B.1. Geologic Assessment.....	B-4
B.2. Economic Assessment .....	B-4
<b>C. EXPLORATION AND DEVELOPMENT SCENARIOS.....</b>	<b>B-5</b>
C.1. Cook Inlet Scenario .....	B-6
C.1.a. Estimates of Muds and Cuttings .....	B-7
C.1.b. Changes in Development Potential Due to the Deferral Options .....	B-8

### SUPPORTING TABLES FOR APPENDIX B

### APPENDIX C: ENDANGERED SPECIES ACT, SECTION 7, CONSULTATION AND COORDINATION

### APPENDIX D: ESSENTIAL FISH HABITAT, CONSULTATION AND COORDINATION

<b>APPENDIX E: APPLICABLE FEDERAL LAWS, REGULATORY RESPONSIBILITIES, AND EXECUTIVE ORDERS .....</b>	<b>E-1</b>
<b>A. FEDERAL LAWS AND REGULATORY RESPONSIBILITIES .....</b>	<b>E-1</b>
A.1. The Outer Continental Shelf Lands Act .....	E-1
A.2. The Alaska National Interest Lands Conservation Act .....	E-2
A.3. The National Environmental Policy Act of 1969 and the Council on Environmental Quality .....	E-3
A.4. The Clean Air Act of 1970 and the Clean Air Act Amendments of 1990.....	E-4
A.5. The Federal Water Pollution Control Act and Clean Water Act .....	E-5
A.6. The Coastal Zone Management Act and the Coastal Zone Reauthorization Amendments .....	E-6
A.7. The Energy Policy and Conservation Act .....	E-7
A.8. The Marine Mammal Protection Act .....	E-7
A.9. The Migratory Bird Treaty Act.....	E-9
A.10. The International Convention of the Prevention of Pollution from Ships and Marine Plastics Pollution Research and Control Act .....	E-9
A.11. The Marine Protection, Research, and Sanctuaries Act .....	E-10
A.12. The National Fishing Enhancement Act .....	E-10
A.13. The Magnuson-Stevens Fishery Conservation and Management Act.....	E-10
A.14. The Endangered Species Act.....	E-11
A.15. The National Historic Preservation Act.....	E-12
A.16. The Oil Pollution Act.....	E-13
A.17. The Rivers and Harbors Appropriation Act.....	E-14
A.18. The Resource Conservation and Recovery Act.....	E-14
A.19. The Ports and Waterways Safety Act.....	E-14
A.20. The Merchant Marine Act of 1920 (Jones Act) .....	E-15
A.21. The Federal Oil and Gas Royalty Management Act .....	E-15
A.22. The Arctic Research and Policy Act .....	E-16
<b>B. EXECUTIVE ORDERS .....</b>	<b>E-16</b>
B.1. Executive Order 13212 – Actions to Expedite Energy-Related Projects (May 18, 2001) .....	E-16
B.2. Executive Order 12898 – Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (February 11, 1994).....	E-16
B.3. Executive Order 13175 – Consultation and Coordination With Indian Tribal Governments (November 6, 2000) .....	E-17
B.4. Executive Order 13007 – Indian Sacred Sites (May 24, 1996).....	E-18
B.5. Executive Order 12114 – Environmental Effects Abroad (January 1979) .....	E-18
B.6. Executive Order 13158 – Marine Protected Areas (May 26, 2000) .....	E-19
B.7. Executive Order 13112 – Invasive Species (February 3, 1999) .....	E-20
<b>C. MITIGATION MEASURES .....</b>	<b>E-22</b>
C.1. Lease Term Stipulations.....	E-22
C.2. Special Stipulations .....	E-22

<b>APPENDIX F: SCOPING REPORT: OUTER CONTINENTAL SHELF, ALASKA REGION, COOK INLET, OIL AND GAS LEASE SALES 191 AND 199 FOR YEARS 2004 AND 2006 – ENVIRONMENTAL IMPACT STATEMENT .....</b>	<b>1</b>
<b>INTRODUCTION.....</b>	<b>1</b>
<b>BACKGROUND .....</b>	<b>1</b>
<b>SCOPING PROCESS .....</b>	<b>2</b>
<b>SUMMARY OF SCOPING COMMENTS.....</b>	<b>2</b>
Infrastructure .....	2
Air Quality .....	3
Archeological, Historical, and Cultural Resources .....	3
Catastrophic Incidents .....	3
Land Use .....	3
Tri-Borough Agreement .....	3
Commercial and Recreational Fishing .....	3
Socioeconomics .....	4
Subsistence .....	4
Wildlife and Aquatic Habitat .....	4
Visual Impacts .....	5
Water Quality .....	5
Past Impacts .....	5
Other Actions with Implications for the Lease Sale.....	5
<b>INCORPORATION OF SCOPING INFORMATION INTO THE EIS .....</b>	<b>5</b>
Stipulations .....	6
Information to Lessee (ITL's) Clause .....	6
<b>FURTHER PUBLIC INVOLVEMENT .....</b>	<b>6</b>
<b>ATTACHMENT TO SCOPING REPORT: ADDITIONAL INFORMATION REGARDING COOK INLET EIS SCOPING .....</b>	<b>1</b>
<b>HYDROCARBON RESOURCE LEVELS AND EXPLORATION AND DEVELOPMENT SCENARIOS.....</b>	<b>1</b>
<b>ISSUES TO BE EVALUATED IN SECTION I.D. OF THE EIS ONLY .....</b>	<b>2</b>
 <b>APPENDIX G: BACKGROUND INFORMATION AND ANALYSIS OF POTENTIAL EFFECTS ON KITTLITZ'S MURRELETS.....</b>	 <b>G-1</b>
<b>A. SUMMARY AND GENERAL DESCRIPTION .....</b>	<b>G-1</b>
<b>B. CURRENT AND PAST PROTECTIVE STATUS.....</b>	<b>G-2</b>
<b>C. POPULATION STRUCTURE .....</b>	<b>G-2</b>
<b>D. HABITAT ASSOCIATIONS, MOVEMENTS, DISTRIBUTION, AND ABUNDANCE.....</b>	<b>G-2</b>
<b>E. POPULATION TRENDS .....</b>	<b>G-4</b>
<b>F. REPRODUCTION.....</b>	<b>G-4</b>
<b>G. FORAGING ECOLOGY .....</b>	<b>G-5</b>
<b>H. MORTALITY RATES AND CAUSES .....</b>	<b>G-6</b>

H.1.	Other Identified Factors of Conservation Concern Including Human-Related Mortality.....	G-6
H.1.a.	Oil Spills .....	G-6
H.1.b.	Take in Fisheries .....	G-7
H.1.c.	Decreases in Stocks of Prey.....	G-7
H.1.d.	Global Warming.....	G-7
H.1.e.	Disturbance .....	G-7
H.1.f.	Collisions .....	G-8
<b>I.</b>	<b>POTENTIAL EFFECTS OF PROPOSED ACTION ON KITTLITZ'S MURRELET .....</b>	<b>G-8</b>
I.1.	Noise and other Disturbances .....	G-8
I.2.	Collisions .....	G-9
I.3.	Effects of Oil Spills on Kittlitz's Murrelet .....	G-9

## TABLES IN THE APPENDICES

Table Number	Title
-----------------	-------

### Appendix A Tables

A.1-1	Properties of Cook Inlet Crude Oil
A.1-2	Properties of Drift River Crude Oil
A.1-3	Fate and Behavior of a Hypothetical Open-Water, 1,500-Barrel Oil Spill from a Lower Cook Inlet Platform
A.1-4	Fate and Behavior of a Hypothetical Broken-Ice, 1-500 Barrel Oil Spill from a Lower Cook Inlet Platform
A.1-5	Fate and Behavior of a Hypothetical Open-Water, 4,600-Barrel Oil Spill from a Lower Cook Inlet Platform
A.1-6	Fate and Behavior of a Hypothetical Broken-Ice, 4,600-Barrel Oil Spill from a Lower Cook Inlet Platform
A.1-7	Environmental Resource Area Identification Numbers, Names, and Spill-Vulnerable Months
A.1-8	Land Segment ID and Geographic Place Names within the Land Segment
A.1-9	Assumptions about How Launch Areas are Serviced by Pipelines for the Oil Spill Trajectory Analysis
A.1-10	Estimated Percent Chance of One or More Platform, Pipeline, and Total Platform and Pipeline Spills for Alternatives for Lease Sales 191 and 199
A.1-11	Overall Small Spill Size Characteristics on the Outer Continental Shelf
A.1-12	Assumed Number and Size of Small Spills
A.2-1	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 3 Days
A.2-2	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 10 Days
A.2-3	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 30 Days
A.2-4	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 3 Days
A.2-5	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 10 Days
A.2-6	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 30 Days

A.2-7	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 3 Days
A.2-8	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 10 Days
A.2-9	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 30 Days
A.2-10	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 3 Days
A.2-11	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 10 Days
A.2-12	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 30 Days
A.2-13	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 3 Days
A.2-14	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 10 Days
A.2-15	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 30 Days
A.2-16	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 3 Days
A.2-17	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 10 Days
A.2-18	Summer Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 30 Days
A.2-19	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 3 Days
A.2-20	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 10 Days
A.2-21	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Environmental Resource Area within 30 Days
A.2-22	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 3 Days
A.2-23	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 10 Days
A.2-24	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Land Segment within 30 Days
A.2-25	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 3 Days
A.2-26	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 10 Days
A.2-27	Winter Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Boundary Segment within 30 Days
A.2-28	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Group of Land Segment within 3 Days
A.2-29	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Group Land Segment within 10 Days
A.2-30	Annual Conditional Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Contact a Certain Group Land Segment within 30 Days
A.2-31	Annual Combined Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Occur and Contact Certain Environmental Resource Areas within 3, 10, or 30 Days
A.2-32	Annual Combined Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Occur and Contact Certain Land Segment within 3, 10, or 30 Days
A.2-33	Annual Combined Probabilities (Expressed as Percent Chance) That an Oil Spill Starting at a Particular Location Will Occur and Contact Certain Boundary Segment within 3, 10, or 30 Days

## Appendix B Tables

B-1	Oil and Gas Resources in the Cook Inlet Planning Area
B-2	Exploration and Development Scenarios for Cook Inlet Lease Sales 191 and 199
B-3	Summary of Exploration and Development Activities for Lease Sales 191 and 199

## FIGURES IN THE APPENDICES

### Appendix B Figures

B-1	Cook Inlet Regional Setting
B-2	Oil and Gas Fields in Cook Inlet
B-3	Generalized Stratigraphic Column for Lower Cook Inlet
B-4	Geologic Cross-Sections of Upper Cook Inlet, Lower Cook Inlet, and Shelikof Strait
B-5	Lower Cook Inlet Tertiary Plays
B-6	Lower Cook Inlet Mesozoic Structural Play
B-7	Lower Cook Inlet Mesozoic Stratigraphy Play
B-8	Lower Cook Inlet OCS Planning Area Aggregation of All Plays as of Year 2000
B-9	Economically Recoverable Oil Resources in Lower Cook Inlet OCS Planning Area
B-10	Economically Recoverable Gas Resources in Lower Cook Inlet OCS Planning Area
B-11	Cook Inlet OCS Production

### APPENDIX A MAPS

A-1	Study Area Enclosed by the Boundary Segments Used in the Oil-Spill-Trajectory Analysis
A-2	Environmental Resource Areas
A-3	Land Segments Used in the Oil-Spill-Trajectory Analysis
A-4	Hypothetical Pipelines and Spill Areas
